Lions Honor Katherine Kozicki

The Mattapoisett Lions Club, in a gathering at the Century House in Acushnet on February 14th, made former Center School Principal Katherine Kozicki their first ever recipient of the Melvin Jones Fellow Award. This is the highest honor that the Lions' Club can bestow upon an individual and is named after a founder of International Lionism.

Paul Levine, Chairman of the award committee, spoke for that group when he said that "Dedication to service which Katherine Kozicki had shown to the children and community of Mattapoisett" was to be recognized. He told the gathering of her 42 years in the field of education which included teaching at Catholic University in Washington, D.C., in Manhattan, New York City and 19 years in the educational system of Pennsylvania and New Jersey.

Mr. Levine said, "It is obvious that the Mattapoisett School Committee had an extremely qualified candidate to consider. "Mrs. Kozicki was hired in 1970 as the Assistant Principal and second grade teacher at Center School. In 1971 she was appointed to the position of Acting Principal of both Old Hammondtown and Center Schools. Her performance in that position was so well appreciated that, in 1972,

Mrs. Katherine Kozicki is presented award by Lions President Donald Correia, center, and guest speaker John Hoyle.

she became Principal of Center School, a position held until her retirement last year. Nineteen years of 'Dedication to Service' to the children of Mattapoisett."

Mr. Levine concluded, "We in Mattapoisett in Katherine were fortunate in having both a lady and a Class Act." He referred to the Channel 5 TV show of that name.

King Lion Donald Correia, who hosted the evening, said that because the Melvin Jones award was the first ever given by the Mattapoisett Lions' Club they had sought and

found a man of stature to make the presentation in John Hoyle of New Bedford who has served as an International Lions Club Director. Mr. Hoyle spoke of the worldwide scope of the International Club which numbers 40,000 Lions' Clubs with 1½ million members. He described the International Lions' Club as the "strongest force for good in today's world". Mr. Hoyle said that in over 22 years this group had raised 50 million dollars which they had used in 3 major areas of service such as Disaster Relief, Humanitarian Services (such as the Eye Mobile) and recently a $50,000

matching grant to help establish a Ronald McDonald House in Rhode Island. The third major interest, Mr. Hoyle said, was the field of education. He explained that the Lions are involved deeply in the education of needy students in their own countries. Rather than bringing students to the United States where they may prefer to stay on after their education, he said, the Lions felt it more advantageous to the needy country to have the student educated there and then to use their knowledge to the benefit of their own country.

Mr. Hoyle quoted this philosophy, "Do not follow where the path may lead. Go, instead, where there is no path and the rest of the world will follow." He said, "I never thought I would be able to say this, but we now have former iron curtain countries and already have Lions' Clubs in those countries."

As a bit of loving nostalgia, William Spark, teacher at Center School, presented a slide program to music of many of the students of the school in action in the playground to take Mrs. Kozicki back to the happy days of her tenure.

Mrs. Kozicki spoke to the gathering after the award. She said that she had never expected or even desired to be singled out for such an honor. She said that her years as a teacher had been her pleasure and her reward. "I loved teaching and every teacher should or they have no business being in the profession." Mrs. Kozicki said that, in her years in Mattapoisett, she had tried to give the children a disciplined environment in Center school to give the best possible atmosphere for them to learn and grow. She expressed her appreciation to the Lions' Club and to all of Mattapoisett's people for their support in her endeavor.

Veterans' Park Change

MATTAPOISETT SELECTMEN'S MEETING
FEBRUARY 13, 1990-by VIRGINIA MORGAN

Public Safety Officer R. Stanley Ennis and Highway Surveyor Wesley N. Bowman and Selectmen agreed last Tuesday that Veterans' Park at Ned's Point is in need of a traffic pattern change and cleaning up.

Selectmen voted to give Officer Ennis and Surveyor Bowman permission to make the changes which will include blocking the present entrance between the stone pillars to vehicle traffic (foot traffic will be allowed) and to erect signs directing traffic to the water's edge of Ned's Point Road with a right turn around the lighthouse.

The center roadway which has been created by cars going over the grass will also be blocked with large boulders. This center area will be graded and seeded for a nice grassy area. Cars will be permitted to park along the water, then diverted to exit at the same entrance site.

Mr. Bowman said the change will be put into effect as soon as possible. This should make it more attractive for the summer season and for children to play or fly kites, they agreed.

In other business, Selectmen:

MET WITH Assessors Harvey J. Blanchette and Robert C. Gingras and Harbormaster Steven Mach to clarify the unpaid boat excise taxes and boat stickers.

It was noted at last week's Selectmen's meeting that there is about $50,000. of uncollected sticker fees. Boat owners must either show proof the excise tax was paid or that the boat is exempted because of its being under 17 feet or that the tax was paid in another town. The Assessors have the authority to give the proof to the Town Clerk so a sticker can be issued. At the present time some taxes have not been paid for the fiscal 1988/1989 period; the fiscal 1989/1990 period tax bills have not been sent out as yet.

Assessor Gingras said, "I guess we can verify this proof with signed forms, but it will mean more work." He told the Harbormaster to have boat owners fill out a boat form describing their boat, then the forms will be processed.

Assessor Blanchette said, "We will determine exemption based on the boat being 17 feet or under and not age or cost of the boat." Selectmen Chairman Bernard F. Talty said it isn't fair to those who have paid their taxes for others not to have paid their taxes.

All agreed the first year of processing fees into the Enterprise Fund will be complex, but that next year's should be working more smoothly.

VOTED TO RECOMMEND a five percent cost of living increase for all non-union town employees for fiscal 1991. It was noted the union wages of town employees are negotiated. Selectmen are awaiting further developments on police negotiations with the Police Brotherhood.

AGREED TO PLACE two non-binding public policy questions on the annual town meeting warrant. The request came from State Senator William B. Golden. The first asks: Do you oppose further cuts or withholding of local aid to Mattapoisett? The second: Should the state share 40 percent of its revenue from growth taxes (income, state and corporate income) with towns and cities on a continuing and

INTO FAMILY EYE CARE

Should a person own more than one pair of glasses?

Definitely, they should. If a pair of glasses is broken, stolen or lost a person should have a back up pair to get them through until the original pair can be replaced
Other instances when a person would need to own more than one pair of glasses would be if they participate in any active sport or work in certain occupations which require the use of safety glasses. The lenses used in these glasses are different from those used in regular glasses. They are constructed of a special material which will withstand impact from projectiles without breaking.

in good condition. They believed that by repairing only the damaged area we could save on the cost of repairs.

"It has always been the feeling of the Trustees, reinforced by speakers at last year's annual town meeting, that, if the slate roof could be saved, we would like to save it. A second opinion from an architect with experience in slate roofs, Mr. Roger Guay, of Tallman, Drake and Guay, inspected the slates. He gave the opinion, given the historic significance of the slate roof, that we should try to make the repairs without replacing the existing roof. In addition, we should have the metal ridges cleaned and the chimneys repointed. The Trustees are going to investigate the cost of repairing the non-slate area of the roof."

The Trustees thanked the Selectmen and Building Inspector Andrew J. Bobola for their advice.

ACCEPTED WITH REGRET the resignation of Fay Silveira as Police Matron. A letter will be sent thanking her for her service to the town. She also served for many years as school bus matron.

RECEIVED A REQUEST from Priscilla L. Clark, 15 Holly Lane, asking to be considered for a town beach job this summer. Her request will be sent to the Recreation Committee for recommendations at a later date.

ANNOUNCED there will be a public hearing on April 10th, tentatively, in the Town Hall Conference Room on the Planning Board's proposed zoning changes to be voted at a Special Town Meeting, tentatively set for May

RECEIVED NOTICE from the office of Inspector General that a 1989 change of law allows the town to raise its competitive bid threshold from $4,000 to $10,000. This would allow the town to do work or make a purchase up to $10,000 without the necessity of going out to bid.

Selectmen's Administrator Lois K. Ennis recommended the town amend the town by-laws to reflect some of the language in the state law.

AGREED TO SIGN a service agreement between ComElectric, Steven J. and Diane M. Susko and the Town of Mattapoisett. The Suskos are building on Hereford Hill Road which is a private way. The town owns the pole line providing electricity on that road. The town agreed to allow the Suskos to use the poles but the town shall have no responsibility or obligation to maintain or repair the system being provided to the Suskos.

The proclamation reads: The Community Nurse Association of Fairhaven has provided home care services to the residents of Mattapoisett since 1982 when the Mattapoisett District Nurse office closed. It provides skilled nursing, home health aide, occupational, physical, speech therapy and social work services in the home, under the direction of the primary physicians. It assists the public health by supporting Community based programs such as AIDS Education and Fire Safety. It becomes the liaison between the patient, the physician and other community support groups.

The Mattapoisett Board of Selectmen, along with the Massachusetts Legislature, do hereby proclaim the week of February 18-24, 1990 as Massachusetts Visiting Nurse Association Week and urge all citizens to support this worthwhile agency.

Mrs. Ellis, R.N. thanked the Selectmen for their support. She said, "We are fortunate that we have a number of nurses whose expertise we share."

Selectman DeCosta thanked Evelyn for all the work she has done for the citizens of Mattapoisett, and especially the seniors.

Congregational Church

A solid foundation to our faith is one based on truth and reality, not myth. We require something we can see and feel. Yet, our minds must be open to the extraordinary signs we find around us. Are we open to God's revelations in our daily lives, or are we overlooking them while we wait for spectacular experiences? The title of the sermon this Sunday at the Mattapoisett Congregational Church will be "A View From the Mountain Top".

Our church service begins at 10:00 a.m. and our crib room is open during the service to provide nursery care. All are welcome.

based on demonstrated academic achievement, leadership and citizenship.

The theme of the National Young Leaders Conference was The Leaders of Tomorrow Meeting the Leaders of Today. Throughout the six day conference, the scholars met with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Highlights of the program included a breakfast panel discussion led by prominent journalists at the National Press Club, welcoming remarks from a member of Congress on the floor of the United States House of Representatives, and a government relations forum comprised of lobbyists from various corporations and public interest groups. A visit to a diplomatic embassy and a State Department briefing were also included among the week's activities.

Melissa also had the opportunity to meet with Senator Edward M. Kennedy, Senator John F. Kerry and Representative Gerry E. Studds. Culminating the National Young Leaders Conference was The Mock Congress on National Service in which the scholars assume the roles of United States Representatives by debating, lobbying, and voting on proposed volunteer service legislation.

Super Sundays Coming

Do your kids have a case of the Mid-Winter Blues?

Do you???

The PTC hopes we have an answer for both. Starting February 25th we will be beginning a new program called Super Sundays. Each month until the end of the year, the PTC and a band of dedicated volunteers will open up Center School on a Sunday afternoon from 1:30 to 3:30 for an organized set of mini-events. A theme will be chosen each month and the children will move from one activity to another, including snack, until the two hours is up.

For example: Sunday, February 25th, is Beautiful Junk Day. Kids will be involved with four crafts projects of all different sorts and a delicious snack.

Other Super Sundays include:

March 25: Safety Sunday! See a safety movie, the fire truck, learn how to evacuate your home in case of an emergency, make a poster, and of course, enjoy a snack.

April 22: It's a Game-a-thon! Learn how to cook some nutritious snacks and eat them later while playing in a game-a-thon!

May 20: Pet Day! Make a pet rock, see

Seeking Artists to Visit

"YOUTH ART MONTH"
LOCAL ARTISTS TO HELP IN CELEBRATION

March has been designated by the Massachusetts Art Education Association as "Youth Art Month". This is the third annual celebration of this month at Center School in Mattapoisett.

A major part of the celebration will be the visitation of artists, during art class time, to discuss and demonstrate their area(s) of expertise. The Mattapoisett Parent Teachers' Club has graciously agreed to provide funding to compensate the artists for their time.

Visiting artists in the past have included those specializing in oil paints, watercolor, silkscreening, stained glass, tempera and painting on wood. Repeat visiting artists are certainly welcome, as are newcomers. We know there's a lot of talent out there, and we also know that the rewards of sharing that talent with our young artists are immense. Just ask the students.

If you are an area artist and interested in enriching the creative development of our young "Van Goghs", then please contact Diane Perry, Center School Art Teacher, by February 28th by calling 758-2521 (Cen-

League of Women Voters

DR. SHEFF SPEAKER AT SUPPER
STATES FAMILY MUST SET VALUES

Dr. B.J. Sheff of the Wareham Area Counseling Service told an attentive audience at the Marion/Mattapoisett/Rochester League of Women Voters' Winter Spaghetti Supper on Thursday, February 8th, that in the United States it is the parents who must set the values for their children to follow. She explained that society in the U.S. is very heterogeneous which at the present development of our culture makes it difficult for the schools and society in general to set value standards for everyone, and pointed out that comparing the United States with Germany or Japan is invalid as both those societies are extremely homogeneous and have neither the advantages nor difficulties of our multicultural country.

Dr. Sheff emphasized that the parents must be the power source in directing the family and that it makes for future problems if that source is infringed upon by one or more of the children, even from the best of intentions. Children from the very beginning should be trained in constructive respect but it is a two-way street. For example, children should call if they are going to be late and so should parents.

When it comes to setting limits for teenagers Dr. Sheff reminded her audience the adolescence is the time of rebellion and discipline is a balancing act. Rules that are too strict and unreasonable will cause unwanted violent reactions but on the other hand too much permissiveness may cause a child to go much further than any parent would countenance in order to make a point. She emphasized that reasonableness and a willingness to negotiate are essential to living with an adolescent.

The LWV supper was one of a series of community informational meetings held

of area natural resources, and help develop the cultural, recreational and economic opportunities of southeastern Massachusetts.

The Council is sponsored by Conservation Districts, Boards of County Commissioners, and Regional Planning Agencies in the five-county area. Besides projects aimed at increasing the Council's visibility and impact in regional natural resource issues, they will work to:

Promote better planning, management conservation, protection of area water resources, especially in sole resource aquifers (Cape Cod, the Plymouth-Carver area).

Protect and improve agricultural viability.

Help set up workable forest management programs which include municipal timberlands.

Help towns and non-profit groups to pursue grants aggressively, now that government funds are being cut back.

Protect and promote aquaculture and shellfishing.

Promote alternatives to pesticides, herbicides, and hazardous materials in agriculture, households, and utility easements.

Assist towns to assess the impacts of development on natural resources in their communities.

To get this done, the Council needs your involvement. What are your town's issues? Who is already working on them? What can The Pilgrim RC&D Council do to help? For further information call the RC&D office at 946-1558, or write to us at 40-48 North Main Street, Middleboro, MA. 02346.

Aucoot Cove Invitation

S.O.S. (SAVE OUR SEAS)
INVITATION TO WALK-THROUGH

Mattapoisett's representatives on the S.O.S. (Save Our Seas) Aucoot Cove Project invite the public and candidates in the town election to join elected and town officials to a walk-through of their testing sites.

S.O.S., a sub-committee of the Marion Conservation Commission, was formed last spring and is made up of a group of volunteers who have been conducting water quality testing in Aucoot Cove in Marion and Mattapoisett, the area around the Town Beach at Hiller's Cove in Mattapoisett, and along the tributaries that feed into both, to try to determine sources of pollution.

Testing during the last year has shown high levels of fecal coliform present during the summer, particularly after heavy rains.

Although some areas have been closed to shellfishing for several years now, the amount of pollution has now increased to a point where safe swimming is endangered. In fact, the committee has recommended that both the towns of Marion and Mattapoisett ban swimming in sections of both areas after heavy rains.

The walk-through has been scheduled for 9 a.m. Saturday, February 24th, beginning at the Town Beach at Hiller's Cove, weather permitting. At that time, Mattapoisett's representatives on the committee, Brad and Priscilla Hathaway, will discuss the findings of each test site, committee recommendations and potential problems that exist in this area and in other areas of town.

Almost $4,000 was contributed by residents around the cove to help underwrite testing costs. In addition, a $20,000 grant was received from the Buzzards Bay

Patriot State Returns

AREA MASS. MARITIME STUDENTS RETURN FROM SEA TERM TRAINING

Several area residents are among the Massachusetts Maritime Academy cadets returning from Sea Term Semester training aboard the school's Patriot State training ship.

The 48-day voyage, which returned Friday, Feburary 16th, has been reduced from 65 days due to the fiscal problems of the Commonwealth of Massachusetts. These cost cutting measures are expected to reduce overall training costs an average of 49% for an estimated savings of $345,487. This year the ship visited ports in Tampa, Florida; New Orleans, Louisiana; and Nassau, Bahamas.

This eight credit course provides Mass. Maritime cadets with a portion of the six months of seagoing experience that is required by the U.S. Coast Guard before the students can take their Ship's Officer examinations.

Cadets are required to perform all the maintenance and watchstanding duties regularly performed by seagoing merchant

The 25 year old, 546 foot long, steam powered Patriot State training ship is federally owned and registered. A $20 million asset, the maintenance and repair of the former passenger/freighter are paid by the federal government, while its operating costs are paid by the Academy.

As a result of extensive practical training, experience and education afloat and ashore, Mass. Maritime's cadets have scored highest on the rigorous U.S. Coast Guard exams for the past four years - better than any other state academy, or the U.S. Maritime Academy at King's Point, NY.

Upon graduation they obtain high paying, responsible employment in the maritime and related fields.

Founded in 1891, Massachusetts Maritime Academy is the oldest continuously operating maritime academy in the United States.

Local cadets aboard the Patriot State were Glen Fortin and Jeremy Malcolm, both of Mattapoisett; Ricardo Medeiros and Jason LaRochelle, both of Rochester.

Refreshments were served throughout the evening.

Sheila and Toni will be performing at Lake Placid, NY for the Kate Smith "God Bless America Foundation" in June.

Zeiterion Fund Drive

The Zeiterion Theatre has announced the start of its 1990 annual fund drive this February. This year, the Friends Campaign seeks to raise $150,000 and top last year's record-breaking membership of 1,200, Executive Director Alan C. Liddell said.

The money raised will be used to support the Zeiterion's various programs, including mainstage events and children's performances, as well as the theatre's highly suc-

"It takes money to keep bringing quality theatre to area school children", Liddell said. "Because the Zeiterion is a not-for-profit organization, it depends to a great extent on its Friends to meet some of its costs."

For the past seven years, along with its mainstage programming, the theatre has brought live theatre to area school children. Students have seen shows like The Velveteen Rabbit, Charlotte's Web, A Midsummer Night's Dream and Footprints on the Moon, the story of the United States space program. During February, which is also Black History Month, students will see the story of baseball great Jackie Robinson's break into the major leagues. Last year 41,000 school-aged youth saw book lessons turn into live theatre at the Zeiterion, Liddell said.

In spite of its success, last year the Zeiterion almost closed its doors on all its programs, Liddell said. During the "Save the Z" campaign that followed, the theatre raised $200,000 of its $300,000 goal, which allowed the Zeiterion to continue, but did not retire much of the theatre's long-term debt. These bank notes and anticipated cuts in state and local funding are the cause for the urgency in this year's fund drive.

This year, Liddell hopes that the people who donated to "Save the Z" will give to the Friends Campaign and help keep the Zeiterion alive.

"That's our theme for this year's campaign", Director of Development Brenda Phillipps said. "We need our Friends' help to 'Keep it Live!' for the 90s."

"We want to encourage as many people as possible to become Friends of the Zeiterion", Ms. Phillipps said. "For that reason, this year people can become Friends for as little as $5."

In addition, this year the Friends are organizing to form an auxiliary arm to the Zeiterion, she said. Under the leadership of Judy Mulford, chairman of the Friends

Committee, planning has begun for a group that will support the Zeiterion in its fund-raising efforts as well as plan social events.

Anyone interested in joining the Friends Committee or willing to volunteer some time to help with mailings, telephoning or special events during the 1990 campaign can call the theatre at 997-5663. Volunteers also are needed to help make telephone calls on March 5th, 6th and 7th.

"We couldn't have stayed open last year without the help of our Friends, and the adults and children who reached out to help save the Zeiterion", Liddell said. "We hope they'll make the commitment this year to keep the theatre alive and well here in southeastern Massachusetts."

The Zeiterion is funded in part by the Massachusetts Council on Arts and Humanities, a state agency.

The play is the creation of the Underground Railway Theater, which encourages community involvement in finding solutions to homelessness. To increase audience identification with the homeless, individuals are invited to reflect on their own feelings about "home", which are then worked into the script. After the play local organizations involved in the homeless issue will provide additional information.

The play is sponsored by the SMU Cultural Affairs Committee.

Lecture on Three-Deckers

WHALE is sponsoring a lecture on New Bedford's Three Decker Houses at 7:00 p.m. on March 6th at the Howland Branch of the New Bedford Library on 9 Rodney French Boulevard, New Bedford.

Antone G. Souza, Jr., Director of the City of New Bedford's Office of Housing and Neighborhood Development, will discuss the history, location, styles and recommended rehabilitation and maintenance techniques for three decker houses. He will address particular maintenance problems, such as roofs and porches, siding, and paint colors. He will also provide information on the City's housing programs which offer financial assistance to property owners.

"Three decker houses in New Bedford are one of the City's unsung treasures", said Therese S. Kelly, Executive Director of WHALE. "These houses, built at the turn of the century, to accommodate the population streaming into New Bedford to work in the mills, are valuable resources. They are today's 'affordable' housing, and they should be preserved and protected," she said.

This program is supported by the Massachusetts Arts Lottery, as administered by the New Bedford Arts Lottery Council; the Boston Foundation for Architecture;

Writer Carlson at SMU

Fiction writer Ron Carlson will read from his work at 7 p.m. March 1st in Room 153 of the Visual and Performing Arts Building at Southeastern Massachusetts University.

The reading is free and open to the public. Parking is in lots 8 and 9. For more information call 999-8274.

Bluesmaster Sparky Rucker

IN CONCERT AT SMU

Tennessean Sparky Rucker will bring his soulful blues to Southeastern Massachusetts University at 8 p.m. March 5th in the Recital Hall (Room 153) of the College of Visual and Performing Arts building. Tickets, to be sold at the door, are $4. for the general public and $3. for senior citizens. Children 14 and under are free.

Born and raised in Knoxville, Rucker, 41, was an art teacher before becoming a fulltime musician. But education is still his mission, he says. "What I do is try to make people aware of their cultural history through the music that I do. I put a strong emphasis on black culture, of course, but mainly it's American history with an emphasis on the Civil War era - before and after - dealing with slave songs and the settling of the West."

Rucker has twice been a performer at the SMU Eisteddfod Traditional Folk Arts Festival. He has also performed at the Kennedy Center for the Performing Arts in Washing-

Free Wareham Nature Walk

SPONSORED BY PLYMOUTH COUNTY WILDLANDS TRUST

The public is invited to join the members and staff of Plymouth County Wildlands Trust at 1:00 p.m. on Sunday, March 4th, for a guided winter walk on the Minot-Weld Conservancy in Wareham. As parking may be limited, reservations are necessary. Please call (617) 934-9018 or (508) 224-3587.

Minot-Weld Conservancy represents a good example of how local land has changed over the past century. Our guide and leader is Jack Pierce, a lifelong conservationist, one of the founders of both PCWT and the Essex County Greenbelt, and a summer resident of the area for more than fifty years. Jack will attempt to get as close to the edges of the cedar swamp and kettle as the late winter ground conditions will warrant. We will walk through groves of pitch, red and white pine.

Please come prepared. Sturdy, waterproof footwear, and clothes suitable for cold weather (including wool hat, gloves and socks) are essential for safety as well as enjoyment.

DIRECTIONS: Meet at the intersection of Indian Neck Road and Crooked River Road. If you are driving east on Route 6 through Wareham Center, bear right onto Minot Avenue at the bridge over the Agawam/Wareham River. After ½ mile turn right onto Indian Neck Road, and then after 1.1 miles meet a PCWT representative at the intersection of Crooked River Road as it enters from the left.

eye talk

Q. My niece has an eye coordination problem. What is that?

A. Our two eyes must work together so that we can see one picture, not two. When they don't, we have poor eye coordination.

Some people with this condition see double, although the brain usually solves double vision by turning off the picture from one eye.

Often signs of eye coordination problems include headaches; dizziness; fatigue; irritability; and reading difficulty.

These can also be signs of other problems, however. A thorough eye examination is the only way to know for sure if an eye coordination problem exists.

Your optometrist can improve and often permanently correct poor eye coordination with vision therapy, a program of specially prescribed visual tasks repeated under controlled conditions. Sometimes glasses or contact lenses may also be prescribed.

SHADOW PROGRAM

If your child is considering applying to Old Colony Regional Vocational-Technical High School but cannot make up his/her mind the new "Shadow Program" may be helpful.

The "shadow program" is designed so that a student may spend an entire school day at Old Colony. The eighth grader is matched with an upperclassman in the shop of the student's choice.

According to Paula Simmons of Old Colony's Guidance Department, "The shadow program allows the child to experience first-hand a typical day in a vocational-technical program. It may help a student to decide whether or not Old Colony is an appropri-

JUNIOR CLASS ELECTS OFICERS

The Junior Class of Old Colony Regional Vocational Technical High School recently held its elections for class officers.

Elected to serve as class officers for the 1989-1990 school year are: Michelle Hotte, President; Mark Paynter, Vice President; Sue Kallio, Secretary; Beverly Connor, Treasurer.

PARTICIPATE IN D.A.R.E. PROGRAM

Recently, two Old Colony Juniors, Jason Casmira and Beverly Connor, participated in the D.A.R.E. Program sponsored by the Acushnet Police Department.

The D.A.R.E. Program (Drug Abuse Resistance Education) started in Los Angeles in 1984 and is geared for school children who are enrolled in the 5th or 6th grades. According to Police Officer Charles Pelletier of the Acushnet Police Department, the program is in operation one day a week for seventeen weeks and a uniformed Police Officer spends the whole day in the classroom at lunch and at recess.

One major portion of the program is to have area high school students address the 5th and 6th graders. The two Old Colony students along with other area high school students addressed 5th graders at the Acushnet Elementary School. While the teachers and police Officer Pelletier stepped out of the classroom, Jason and Beverly talked about high school life, extra-curricular activities, and about how to say no to drugs when approached.

Both students agreed that the program is well organized and they felt good about helping younger students make good choices about their lives.

COSMETOLOGY STUDENTS PASS STATE EXAM

Recently seven Cosmetology students from Old Colony Regional Vocational-Technical High School passed the written and practical Cosmetology State Board Examination.

The recipients of the good news were: Jennifer Almeida, Lisa DeMello, Michelle Rodrigues, Debra Donoghue, Holli Gallagher, Kristen Krakowski and Katy Young.

Licensure is necessary to practice cosmetology in Massachusetts and licenses are issued by the State Board of Registration of Cosmetologists. Old Colony's 100 percent success rate has been achieved many times in the past.
